

West Falmouth Village Association

Summer Update 27 July 2008

Annual West Falmouth Village Association Meeting

Save the date! On Thursday, August 7th at 7:00 pm at the West Falmouth Library we will be holding our annual meeting. On the agenda will be the election of Board members, general business, discussion of traffic issues as well as working on a proposal regarding the restoration of town dock.

Election of Board Members

We are still seeking nominations for WFVA Board Members. Presently the seven individuals now serving will be up for re-election but our By-Laws state we can have up to 12 on the Board. Three individuals have indicated a willingness to serve . We welcome others to come forward and request you let us know prior to the annual meeting.

West Falmouth Market

The market continues to move forward with their plans to renovate their store on 28-A. The Village Assoc has been in attendance at many of the various regulatory reviews and continues to keep an open dialog with the owners.

We appreciate all the comments and suggestion we have received regarding your concerns about this project. We are confident that the outcome will benefit the village in a positive way.

Bike Path

Activity has begun as Lawrence and Lynch Corp. starts to deploy their equipment on site. You can begin to see survey stakes and engineering marks in the road ways. Expected completion of the path is 7/09.

Traffic

The village board of directors are scheduled to meet with the town's Traffic Advisory Committee on 8/18. We will be presenting them with an outline of issues facing the area in regard to speed, signage and parking. We would like to express your concerns and request that you email them to us prior to this meeting. We will also be discussing this issue at the annual meeting.

Dues!

Have you paid your annual \$15. Membership ? PO Box 256, West Falmouth, MA 02574
